

300 Series Bike Lockers

Specify the 300 Series lockers for the highest customer satisfaction from the no-assembly ready-to-use delivery through years of trouble free operation. Architects, designers and government agencies specify the 300 Series due to the high quality unitized manufacturing which means virtually no installation costs!

- NEW design, one piece FRP Composite bike locker- NO ASSEMBLY required.
- The 300 series is the first one piece locker available that is not molded of soft and flammable HDPE plastic material.
- Designed after our very popular 350 series of lockers and is available in 6 styles providing flexibility for site locations.
- All lockers are shipped assembled and can be stand alone or grouped—NO COMMON WALLS. Lockers easily relocated.
- High security with standard key locks recessed in door face and internal locking.
- The construction of fiberglass reinforced plastic is highly resistant to impact, stains and will not corrode.
- For those wanting more storage or room for 2-3 bikes in one locker we offer the Model #301W, same width as our two door versions but has door on one end only.

300 Series Bike Lockers

Optional Features:

- Fiberglass composite floors are ideal for storage lockers or if lockers cannot be anchored.
- Electronic Locking Systems: iButton or card reader.
- Heavy duty stainless steel pad lock handle will accommodate high security pad locks.
